

# Strengthening the capacity and coordination of judiciary and law enforcement authorities in Bosnia and Herzegovina to effectively address corruption and organized crime

## EXPECTED RESULTS

- HJPC has improved internal organization, taking into account EU Member States' practices, with input and synergies with other EU-funded projects;
- The mechanism for combating corruption and organized crime has been strengthened and coordination between anti-corruption bodies, the police, and prosecutors has been improved;
- Skills and knowledge of judicial staff have been improved through coordination between the HJPC and the two JPTCs on judicial staff training and targeted training has been promoted in collaboration with the two JPTCs on ethics, integrity, and the fight against corruption and organized crime.
