## Education and Vocational Training

# WEMPOWER

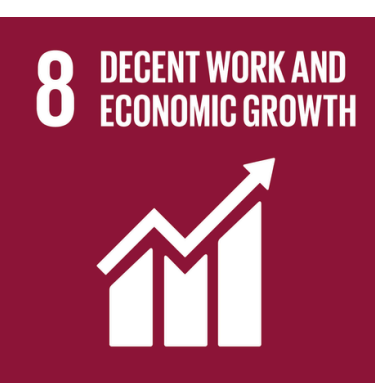

Supporting vocational training, employment, and female entrepreneurship in early childhood education services in Kosovo

### OBJECTIVES

- **Promote women's economic empowerment in Kosovo** by supporting the implementation of the National Program for Gender Equality and the National Action Plan for Education;
- **Increase female employment in early childhood education (ECE)** through strengthening university education, creating new public services, and supporting private female entrepreneurship.

### Expected Results

1. **Strengthening university education** for the next generation of childcare workers;
2. Support to the **opening of new public preschools**;
3. Support to **female entrepreneurship** in the start-up and expansion of private childcare services.
