Vocational training to increase youth skills and employment in Albania

The project aims at promoting universal access to the world of work for young people living in the provinces of **Tirana** and **Vlora** by **strengthening the training offering and supporting the school-to-work transition**.

EXPECTED RESULTS

1. Improved access to vocational training and internships in key employment sectors for the local labor market for young people aged 15-29 in the provinces of Vlora and Tirana.
2. Facilitated entry into the workforce and business development for young people with technical and vocational training.
3. Start-ups, early-stage businesses, and social enterprises that access incubators and are more focused on growth and job creation are strengthened through financial support schemes.
